## CONFERENCE

# Living, Laughing and Learning

With

# Diana Waring

1 9 - 2 0 O C T O B E R

# Adelaide

## What is the conference about?

Diana and Bill have travelled for 20 years encouraging home school families. Diana's main aim for this conference tour is to meet and encourage Australian families and get to know our culture. The workshops will cover topics to do with parenting, homeschooling, learning styles and history. They are *not* specifically targeted at families who use Diana's curriculum. She will be bringing her books and CD's and you can pre-order if you like, but there is no pressure to purchase anything.

## Workshop Content

Diana's workshops are mainly geared toward general audiences and families with all beliefs. For more details on workshops refer to [www.dianadownunder.com](http://www.dianadownunder.com).

## Lunch and afternoon tea.

Please bring a plate to share for afternoon tea. Coffee, tea and water will be provided. Lunch is BYO

## Children

There will be **NO** childminding at this conference. Children are welcome in the conference BUT they will need to be able to sit quietly or be taken out. The venue here does have a small parents room to the side that allows viewing and audio of what is happening in the church where Diana is speaking.

## Curriculum Supplies

Vendors tables available (max 2 tables per vendor). Vendor fee in addition to seminar entry. If you sell a product which is specifically suitable for home schoolers and would like to bring it along, please contact us.

## Helping

Please let us know if you are able to help on the day, we need people to assist with registrations, set up, tea / coffee etc.

## Location

St Wilfred's Anglican Church  
19 Perseverance Road , Tea Tree Gully

## Monday 19th October 2009

### History via the Scenic Route

Are you tired of force feeding history to your children? Does history make them yawn? Or, do you have one of those hungry-for-history type students that would devour far more than you could ever dream up to provide? Diana Waring will take you on an extraordinary learning adventure as she shares with you how to make the facts come alive and the learning go deeper!

## Tuesday 20<sup>th</sup> October 2009

### The indispensable ingredient

The most important element in your curriculum is you. Diana has been there, knows what you are experiencing, and has talked with many others in your position. She will express your heart's cry that your children would grow in character and knowledge, and encourage you that you can get it done. Through Diana's transparent examples and practical suggestions, this workshop will help you understand the pivotal role you play as a mentor, a model, and a facilitator in your child's education

### Not just your average genius

In this fast-paced, easy-to-understand workshop, you will distinguish three different grids that impact the unique way each one in your family learns: learning modalities (visual, auditory, kinaesthetic); learning styles (Feeler, Thinker, Sensor, Intuit); learning intelligences (interpersonal, intrapersonal, linguistic, spatial, math-logical, bodily-kinaesthetic, musical, naturalist).

## Actively engage learning and Actually enjoy learning

One of the biggest questions people ask is, "How do I get my kids to finish their school work?" The deeper question is actually, "How do I get my kids to be self-motivated?" We will examine the answers to these critical questions, and look at specific ways to encourage and assist our children in developing ownership of their education. We must learn the critical difference between controlling and directing; between pushing and releasing; between coercing and facilitating. It is the essence of a master teacher who says, "I can not teach you how to do it, but I can help you learn to do it." This is an interactive and practical workshop that you can put to use immediately!
